Nimba Money — User Guide

One account · two products · verified liquidity for Guinea

Access code: **nimba2026** | Works on phone & desktop | Demo data only

1 Get started

- Open the link and enter the access code `nimba2026`
- Switch **FR / EN** in the app settings
- Add `?tour=1` to the link for the guided tour
- Everything is a simulation — no real money moves

2 Two products

P2P `/p2p`	Trade GNF ↔ USDT directly with a verified peer. Chat, timer, protection.
Marketplace `/marketplace`	Compare verified exchangers, request liquidity, settle directly.

3 Try it in 2 minutes

Flow	What to do
Buy USDT	P2P → enter 10 M GNF → pick **Kaba Trade** → open order room → pay → tap “J’ai payé” → USDT released → download receipt
Compare	Marketplace → select Kaba Trade & Tymur MrSwap → Compare → open a profile → **Request liquidity** → watch the live timeline
Upgrade	KYC → follow the wizard → unlock higher daily limits

4 What’s new — live now

Import FX `/marketplace/import-fx`	Large USD requests, staged across providers
Send to Guinea `/marketplace/diaspora`	France → Guinea ≈1.4% all-in, Orange Money payout
Cash Points `/marketplace/map`	Verified partners across Conakry
USD Vault `/p2p/wallets`	Weekly auto-buy USDT savings with a goal
Arbitration 2.0 `/p2p/disputes`	Evidence, 24h SLA, reasoned rulings
QR Pay · Referral	`/p2p/pay` · `/referral` — earn 20,000 GNF each

5 Roadmap — 5 next big features (shown in the What’s new popup)

USSD access	Use Nimba on any basic phone with no internet, via *555#.
Local-language voice	Soussou, Malinké and Pular voice requests.
Rate Lock & alerts	Freeze a rate for 15 min; alert when your target is hit.
Merchant payment links	Invoice links shared on WhatsApp, paid in USDT or mobile money.
Trust Score AI	Live risk scoring of traders to flag fraud before an order starts.

! Tips

Use a private tab to reset the demo state · If the popup is in your way, close it — it won’t return.
